Practical Assignment 4

Aim : Write a program which displays the following menu and executes the option selected by user, a. ls, b. pwd, c. ls -l, d. ps fe

```
onworks@onworks-Standard-PC-t440FX-PIIX-1996:~$ while true; do
> clear
> echo "Menu"
> echo "a. ls"
> echo "b. pwd"
> echo "c. ls -l"
> echo "d. ps fe"
> echo "e. quit"
> read -p "Enter your choice (a/b/c/d/e):" choice
> case $choice in
> a) ls ;;
> b) pwd ;;
> c) ls -l ;;
> d) ps fe ;;
> e) break ;;
> *) echo "Invalid option...please try again" ;;
> esac
> read -p "press enter to continue..."
> done
```

Output :

```
Menu
a. ls
b. pwd
c. ls -l
d. ps fe
e. quit
Enter your choice (a/b/c/d/e):b
/home/onworks
press enter to continue...█
```
